Dear Mr. Grillo, Mr. Holman and Ms. Ott,

Congratulations from the regional office staff on your school's receipt of an accreditation term with ACSI. An official letter from the regional accreditation commission will be forthcoming from the commission chairman.

In recognition of your school's accredited status with ACSI, the International Headquarters will be generating a document with your accreditation term to display in your school office. This public statement will acknowledge the accomplishment and hard work by the school faculty, staff, and constituency. Please contact the regional office to discuss a public presentation of this document at a venue of your choosing, if you so desire. It has been our experience that a public presentation aides in establishing the worth and significance of accreditation, and provides an opportunity to acknowledge those in your school who worked above and beyond the call of duty in the process.

As you know, earning ACSI accreditation has been a long-term process that required competent leadership and co-operative, professional commitment by your entire educational team. I know that in the process you have been challenged professionally and your educational program has also been further strengthened. Please review the attached "term details" sheet to plan for annual reporting and any required revisits.

Again, warmest congratulations from the regional office to everyone connected with this process and the school. May God continue to bless you all as you commit to honor Him in the education of His children and families.

In His service,

Mr. Jerry Bowen  
Regional Director
